

## B PURE WATER FILTERS

# HYDRO POWER® RO S

### REVERSE OSMOSIS FILTER (RO)

## HydroPower® RO S Pure water for everyone!

With the entry-level model **HydroPower RO S**, cleaning can be carried out with pure water with minimum operating costs - especially in areas with hard water. Due to its compact and robust design, the new **HydroPower RO S** system is easy to transport.

The proven RO technology from **UNGER** is based on a 3-stage filtering process for 100 % pure water, whereby the required water pressure is generated with a high-quality stainless steel pump.

### BOOST FUNCTION

- Pure water mode: pure water for streak-free cleaning of windows and facades
- Boost mode: tap water at 8-10 bar for pre-rinsing heavily soiled surfaces

### SIMPLE AND SAFE OPERATION

- TDS measuring device shows the quality of the source water at the push of a button
- Manual flushing of the RO membrane for an extended service life
- Automatic shutdown function to protect the pump if the water supply fails

### QUICK MAINTENANCE.

- The pre-filter and DI filter are easy to replace and can be visually inspected during work
- Removable back cover for easy access to all electrical components

### POWERFUL QUALITY PUMP

- Centrifugal pump made of stainless steel for constant and high water flow
- Trouble-free operation even after a long time

### RO STARTER KIT

### HydroPower® RO S + nLITE® CARBON 24K

#### Contents:

RO20C HydroPower RO S  
CF86G nLITE® Carbon 24K Main pole, 6-part, 8,60m  
CF33G nLITE® Carbon 24K Extension pole, 2-part, 3,20m  
NLHCC nLITE® Extension adapter  
NGS30 nLITE® Angle adapter kit M, 42 cm  
NFK41 nLITE® Power Brush, spliced, 42 cm  
DLH25 DuroFlex High Performance Hose, 25 m, Ø 7/10mm

Length  
11,90 m
